The Institution of Engineers (India), Jammu Local Centre

"92 Years of Relentless Journey Towards Engineering Advancement for Nation-building"

Volume 9

Number 2

December, 2011

From Chairman's Desk

Dear Fellow Engineers,

I, Er. Braj Bhushan Sharma, took over the charge of the Chairman of the Institution of Engineers (India) Local Centre, Jammu on 29th October, 2011. With me, the new Committee with Er. Rabinder Shekher, as the Honorary Secretary, has also taken over.

While the new team acknowledges and places on record its appreciation of the hard work put in by successive committees and the members in their individual capacities for putting together a magnificent infrastructure for Jammu Local Centre, the new Committee feels that substantial work still needs to be done not only to improve but also to take care of the infrastructure already created; efforts in direction of which have been hampered for paucity of funds.

In pursuance to above cited objectives, the new Management Committee during its tenure shall endeavour to:

1. Improve ambience of the premises through proper maintenance.
2. Generate funds for improvement of infrastructure by promoting the commercial use of the assets already created.
3. Secure the participation of local industry in sponsoring the activities of the centre.
4. Make efforts to improve the working conditions for the Engineering Fraternity.

While I appeal for whole hearted support from one and all to the efforts of the new Management Committee to achieve the above cited objectives, I and my colleagues in the Committee also take this opportunity to extend our greetings and best wishes to all the members of the Local Centre Jammu for a happy and prosperous 2012 and the forthcoming Republic Day on 26th January, 2012.

Er. B. B. Sharma, FIE

The 44th Engineers' Day was celebrated by The Institution of Engineers (India), Jammu Local Centre on 15th Sept., 2011 at its Institutional Complex, Channi Himmat, Jammu which was attended by large numbers of engineers from different departments and organizations. This day is celebrated all over the country to commemorate birth anniversary of the greatest engineer Sir M. Visvesvaraya, Bharat Ratna. On this occasion Sh. Surjit Singh Slathia, Hon'ble Minister for Industries & Commerce, J&K Govt. was the Chief Guest.

At the outset, Er. Ashok K. Gupta, FIE; Chairman of the centre presented the *Welcome Address* in which the sterling qualities of Sir M. Visvesvaraya were highlighted. Different problems being faced by engineers like stagnation, time bound promotions, removal of structural anomalies in engineering services of J&K and jobs to unemployed engineers were put forth before the Chief Guest to be redressed by the Government.

Rich Tributes were paid to Sir. M. Visvesvaraya by Er. Anil Verma, MIE; Asstt. Executive Engineer, Power Development Department, J&K Govt. & Former Honorary Secretary, The Institution of Engineers (India), Jammu Local Centre in his *Tribute Lecture*. His qualities like Austerity, Integrity, Competence and Discipline were highlighted in the aforesaid lecture. Er. Anil Verma, MIE; also requested the Chief Guest to take up the matter regarding face lifting of Memorial of Sir M. Visvesvaraya with Govt. of Karnataka which otherwise is ill maintained vis-à-vis his stature.

On this occasion, the Chief Guest presented R. L. Sharma Gold Medal to Er. B. L. Rawal, MIE and Rudra Bhagwati Silver Medal to Er. S. C. Thukral, FIE for presenting best and 2nd best technical papers during the year 2010-2011. The Chief Guest also honoured Er. P. K. Nanda, MIE; Former Executive Engineer, Hydraulics, J&K Govt., Former Honorary Secretary, The Institution of Engineers (India), Jammu Local Centre & presently Consultant to M/S GVR Infra Projects Limited for the construction of barrage across River Tawi with D. K. GUPTA ENGINEER OF THE YEAR award by presenting him a *Gold Medallion* for his Lifetime Achievements in the field of Engineering & Technology.

A LEGEND PASSES AWAY

Er. R. L. Sharma, seniormost Fellow of this Centre and Former Chief Engineer of erstwhile Mech. Engg. and Stores Deptt. of J&K Govt. breathed his last on 4th Nov., 2011. He was 96 years old. This Centre has lost a precious gem with his departure and an era has come to an end.

Memoirs of Er. R. L. Sharma, FIE

Er. R. L. Sharma was an eminent engineer not only in J&K Govt. but also in the echelons of The Institution of Engineers (India) in general and this Centre in particular. He graduated in Electrical Engineering from Benaras Hindu University and joined J&K Govt. services well before 1940. He was an engineer imbibed with high calibre and excellent knowledge. He was highly sympathetic to his subordinates.

He was extremely dutiful too. It can be gauged from the fact that during invasion of tribals on Kashmir in 1947, he was posted in Mohra Hydro Electric Station, Baramulla. He insisted to be on duty during this invasion despite threat to his life. It was only after great persuasion of Indian Army authorities that he left the site reluctantly to a safe place keeping the power house in operation. Er. Sharma was promoted as Superintending Engineer in the year 1961 and retired as Chief Engineer in the year 1972 from the erstwhile Mechanical Engg. & Stores Deptt. of J&K Govt.

Er. Sharma earned good professional recognition among the engineering fraternity of this region and became Chairman of The Institution of Engineers (India), Jammu Centre in the year 1968-1970. He occupied this office for the terms 1972-74 and 1974-76 too. **He also remained as Council Member of The Institution of Engineers (India). It is an exceptional recognition to his credit as till date he is the only engineer from Jammu region to hold this coveted post. It is worthwhile to mention here that Council is an apex body of Institution responsible for decision making for all its Centres countrywide and abroad to implement and follow. He was awarded with Eminent Engineer's status by this Centre for his immense and invaluable contributions to this region in general and Centre in particular.**

Er. R. L. Sharma had great love and attachment with this Centre and would attend almost all the seminars / symposia / meetings held in this Centre. He would always use the suffix "JI" to whomsoever he met and addressed in this Centre despite being elder to him/her with a very warm and friendly gesture.

To recognize the professional genius and technical acumen of the engineers of this state, he instituted a Gold Medal in this Centre on his name popularly called R. L. SHARMA GOLD MEDAL. This honour is conferred upon an engineer of this state every year on 15th Sept. (Engineers' Day) for presenting the best technical paper during that particular year. First R. L. Sharma Gold Medal was given in the year 2003 and since then it is given regularly on 15th Sept (Engineers' Day). [Receptients of this honour since 2003 are appended separately here in the Roll of Honour].

A "Memorial Service" was held in this Centre on 11th Nov., 2011 in his honour to commemorate and recall his deeds. Engineers from all walks of life attended it. A resolution was mooted there in which it was decided to rename the aforesaid medal as R. L. SHARMA MEMORIAL GOLD MEDAL as per his wish.

Although not amongst us but his qualities of head and heart, philanthropist spirit, amiable disposition and sagacity will be remembered perpetually. May his noble soul rest in peace.

The Institution of Engineers (India) celebrates World Habitat Day

Sh. Ashwani Kumar Gupta, Regional Director, Social Forestry Department, Jammu Region flanked by Er. Ashok K. Gupta, Chairman & Er. Sunil Sharma, Hony. Secy. on the occasion of World Habitat Day. Er. S. C. Thukral, FIE while presenting his Paper is also seen.

The Institution of Engineers (India), Jammu Local Centre celebrated **World Habitat Day** in its auditorium at Channi Himmat, Jammu. A seminar on the theme topic **"Cities and Climate Change"** was organized in which large number of engineers from various walks of life participated.

On this occasion **Sh. Ashwani Kumar Gupta, Regional Director, Social Forestry Department, Jammu Region** was the Chief Guest and **Er. Ashok Kumar Gupta, FIE, Chairman of Jammu Local Centre** presided over.

Four papers on the theme topic were presented by **Er. S. C. Thukral, FIE**; **Er. B. L. Rawal, MIE**; **Er. S. K. Pandita, MIE** & **Er. Ashok Kumar Sharma, MIE**. During the course of seminar, the unplanned construction activities and the traffic chaos in Jammu city were highlighted. It was urged that the municipal authorities should act on war footing so that the

city of temples does not turn into an urban slum. The speakers also highlighted that the world has never witnessed such a rapid urbanization neither it has witnessed a swift rise in the absolute number of people migrating.

The two phenomenon—urban growth and migration are strongly linked, mainly because the majority of people on the move are attracted by the bright light of the cities. Today one billion people or 1 of every 3 urban dwellers, live in slums. If municipalities and government fails to check urban growth and migration sustainably, this number is expected to double in the next 30 years.

Sh. Ashwani Kumar Gupta, Chief Guest spoke at length on the theme topic while concluding the seminar emphasized that sustainable projects should be framed by the policy makers so that the existing biodiversity is conserved and saved.

Er. Sunil Sharma, MIE Honorary Secretary conducted the proceedings of the function and presented the vote of thanks to the august gathering.
